

# ARTIST INFORMATION

## PACKAGE 2019

March 8, 2019

Hello Artists and Creatives,

Once again as the Arts Coordinator of this year's Hay Days Festival – a regional celebration of music, arts and culture I'm pleased to share this Artist Information Package and invite you to participate in our event which will be hosted by the Rotary Club of Hay River Sunrise, registered under the NWT Societies Act as number 701594.

Our previous festivals have been great successes and the 2019 stage is being set to host another five days of inclusive celebrations that will incorporate more workshops, live musical performances, arts & crafts vendors, community engagement and additional youth & family events.

Mark your calendar for July 2 to 6, 2019 and be sure to invite family and friends to Hay River for a visit – they'll be glad you did!

I have attached our Artist Information Package for your consideration and to encourage you to contact me at [arts@haydaysfestival.com](mailto:arts@haydaysfestival.com) with any questions about how we can help you attend our festival.

You can also complete and submit the form online at [www.haydaysfestival.com/home/arts](http://www.haydaysfestival.com/home/arts) .

We encourage you to submit your application no later than April 15, 2019 along with applicable workshop information if you are prepared to instruct. Vendor tables and workshop opportunities for artists will be reviewed as received and there are a limited number of spaces available.

All facilitators will be asked to provide photographs of the completed project for their planned workshops prior to our online website registration opening to the public.

Our committee looks forward to a fantastic schedule of events celebrating music, arts and culture and we hope that you'll join us in the festivities.

Sincerely,

April Glaicar  
Arts Coordinator, Hay Days Festival
